# ADVANCED CARDIAC SERVICES

# FEATURES

## World's Most Advanced & 1st in Central India Integrated Cath Lab

### • Modalities

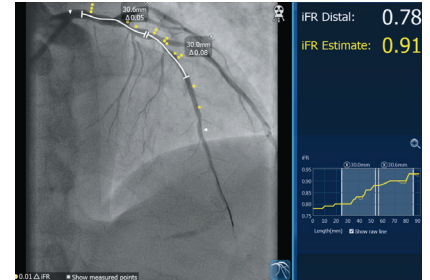

- FFR/iFR
- IVUS
- OCT
- ACR
- Advanced Angiography
  - 3D Rotational Angiography
  - DCR

### • Treatment Available

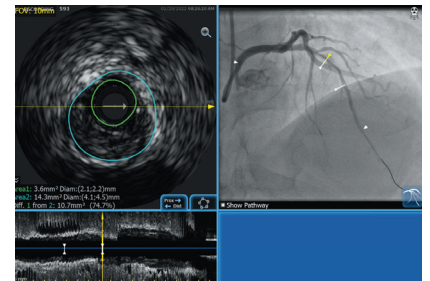

- Angioplasty & Stenting
- IVL
- Rotablation
- Pacemaker Implantation
- Devices (AICD & CRT) Implantation
- Device Closure (PDA/ASD/VSD)

### Advantages of Information

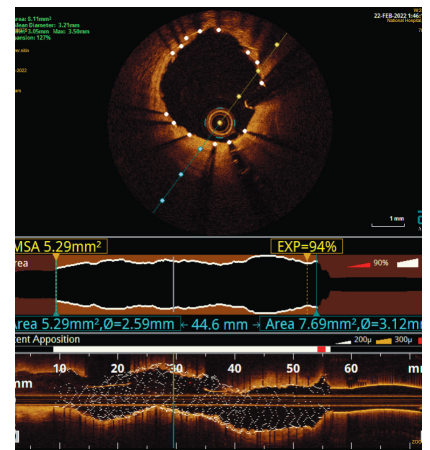

- Whether Stent is needed or NOT
- Minimum number of Stents in presence of multiple Blocks
- Can stenting be an alternative to Bypass Surgery
- Precise information about stenting
- Low Radiation & Low Contrast

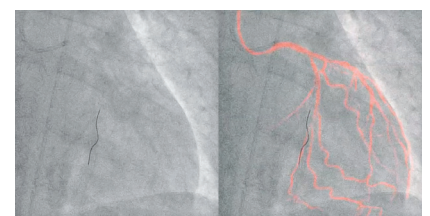

FFR/iFR

IVUS

OCT

Procedure under Normal Angiography Guidance

Procedure under Advance Angiography Guidance (DCR)

# Advanced Cardiac OT

- **Cardiac Surgery**

- Bypass Surgery
- Beating Heart Surgery
- Valve Repair/Replacement
- Shunt Surgery (ASD/VSD/PDA Closure)
- Vascular Surgery

Cardiac OT with HEPA Filters & Laminar Flow

# State of the art Intensive Care Unit

Equipped with world class equipment, HEPA filter & Negative Pressure Isolation

# Cardiac Diagnostics

- **Diagnostics:**
  - ECG
  - Echocardiography, CD Echo & TEE
  - TMT
  - Stress Echo
  - Dobutamine Stress Echo
  - Holter monitoring
  - Ambulatory BP monitoring
- **Customized Health Checkups**
- **Empanelled with Corporates**
- **Cashless tieups with Insurance & TPA**

## 24x7 EMERGENCY PRIMARY ANGIOPLASTY

Care driven by passion...
